

Wonderful Wildlife Song

To the tune of 'Wheels on the Bus'

**Wiggly worms in the ground ground ground,
Ground ground ground. Ground ground ground.
Wiggly worms in the ground ground ground,
Make us soil.**

**The buzzy buzzy bees get their power from the flower,
Power from the flower. Power from the flower.
The buzzy buzzy bees get their power from the flower,
To give us food.**

**Butterflies in the sky all flap their wings,
Flap their wings. Flap their wings.
Butterflies in the sky all flap their wings,
To help plants grow.**

**Help the minibeasts build a bug hotel,
Build a bug hotel. Build a bug hotel.
Help the minibeasts, build a bug hotel,
To keep them safe.**
